Voice recorder

Vibration alert

**DOICE STORAGE** 

# **Never miss i** with loud audio, vibratio

# Vibration alert function

When a pre-programmed 2-tone/5-tone code or call from a specific user (MDC mode only) is received, the radio vibrates powerfully enough to be felt through heavy clothing.

## 8 minute recording function

When a pre-programmed 2-tone/5-tone code or a SelCall (MDC mode only) is received, the recording function automatically starts recording the incoming message. You will not miss an important call even when you are temporarily away from the radio. You can manually start recording incoming calls and also your own message. It records up to a

maximum of 8 minutes (Or up to 48 calls of 10 sec. recording time).

"  $\bigstar$  " icon on the display shows you have a new message.

# 700mW audio output

The IC-F50V series delivers a loud 700mW\* audio output with the built-in BTL amp. The built-in audio compander provides clear, low noise communications. Improved bass characteristics also betters the audio quality.

\* Typical with internal speaker.

# Lone worker function for remote check in

When the radio is not operated for a preset period (1 to 255 min.), the radio sounds a beep and requires you to push any button. If the radio is not operated for a preset time (1 to 255 sec.), an emergency signal automatically transmits and informs your co-worker or dispatcher that something may have happened to the individual worker.

## IP67, dust-tight and waterproof protection

The IC-F50V series has outstanding protection against dust and water that is equivalent to IP67. The IC-F50V series can withstand submersion in 1m depth of water for up to 30 minutes and has dust-tight construction that prevents the ingress of dust.

# Most popular signalings built-in

Use the built-in CTCSS, DTCS, 2-Tone, 5-Tone and MDC signaling capabilities to set up your talk group or selective calling. The IC-F50V series can decode ten 2-Tone codes or eight 5-Tone codes on a channel. When a matched tone is received, the following actions are programmable for each code.

- Bell icon
- Answer back call Beep sound
- Auto transmit
   Radio Stun/Kill/Revive
- Voice recorder 
   Vibration alert

**VHF AND UHF TRANSCEIVERS** IC-F50V (VHF transceiver) IC-F60V (UHF transceiver)

# nportant calls n alert and voice recorder!

# **MDC 1200 Compatible**

The following selective calling and ANI features are available with the built-in MDC signaling.

- PTT ID Radio check
   Caller ID Call alert
- SelCall • Emergency, emergency mic monitoring
- 500 Aliases Status/message Radio stun/revive

# Mode dependent scan

In the mode dependent setting, the scanning setting is dependent on the operating channel. When you change the operating channel, the scanning list automatically changes to the operating channel setting. It is convenient when you move to a different operating area and change an operating channel, you don't have to change the scanning setting.

# **Enhanced scanning**

The Tx channel while scanning can be programmed per scanning list. The talk back function allows you to transmit on the channel detected after scanning resumes after a preset time, prior to the Tx channel setting. The nuisance delete function temporarily deletes a busy channel from the scanning list. Backlight at scan stop automatically turns on the LCD backlight when the scan stops.

# **Compact body**

56(W)×97(H)×36.4(D) mm\* compact body with durable, dependable construction, has been tested to MIL standard specifications. \* 27/32(W)×313/16(H)×17/16(D) in

# Li-lon battery pack

The large capacity 1950mAh (typ.) Lithium-Ion (Li-Ion) battery pack. BP-227 provides a practical 9-10 hours\* of operating time. With the new BC-190 charger, catch calls even during the night while charging the battery with the radio power on. \* Typical operation Tx:Rx: Stand-by=5:5:90

# **Other features**

- 128 memory channels with 8 zones
- Inversion type<sup>\*1</sup> voice scrambler built-in
- Optional VOX headsets available
- Optional GPS speaker-microphone
- Power ON password
   8 DTMF autodial
- 8-character alphanumeric display
- Normal and priority scans
- 2-step power saver and 2-step low battery beep
- BIIS 1200 mode programmable
- Busy, repeater lockout functions
- BTL only version (no vibration alert and no voice recorder) and BTL/Vibration alert version (no voice recorder) available\*2 and more ...
  - Inversion type voice scrambler is not compatible with UT-109/UT-110 voice scrambler. UT-109/UT-110 cannot be physically installed into the radio.
  - \*2 Not available in some countries. (Not available in the U.S.)

# **OPTIONS**

BC-145S

BP-226 : AA (LR6)×5 BATTERY CASE

BP-226 is water-resistant, equivalent to IPX4. BP-227 : Li-Ion BATTERY PACK, 7.2V, 1850mAh (min.), 1950mAh (typ.). Provides 9-10 hours operating time\* (approx.). Operating temp. range: -20°C to +60°C; -4°F to +140°F. \* Tx: Rx: standby=5:5:90.

radio power is on. \*1 BC-145/BC-147SA for 120V AC. SE for 230V AC. SV for 240V AC. BC-145SUK for 230V AC.

HS-94 : Earhook headset with flexible boom microphone.

- HS-95 Behind-the-head headset with flexible boom microphone. HS-97
- Throat microphone fits around your neck and picks up speech vibration.
- VS-1SC : VOX/PTT CASE. Required when using these headsets with the transceiver. These headsets and VS-1SC are water-resistant, equivalent to IPX4.

- HM-138 : Full sized speaker-microphone. Equivalent to IPX7
- HM-168 : Compact type speaker-microphone. Equivalent to IPX7
- HM-169 : Rugged type speaker-microphone. Equivalent to IP57.

HM-170GP: GPS speaker-microphone for BIIS mode. Equivalent to IP57.

MB-86 : Swivel type. Prevents accidental dropping from your belt.

**MB-98** : Alligator type. Same as supplied.

MB-96F : Fixed type belt hanger for use with MB-98. MB-96N: Swivel type belt hanger.

: CIGARETTE LIGHTER CABLE for CP-23L use with BC-119N

OPC-515L: DC POWER CABLE for use with BC-119N

OPC-656 : DC POWER CABLE for BC-121N. ANTENNAS

FA-S24V : 136–150MHz (Blue) FA-S59V : 150–174MHz (Red) FA-S27U : 400–470MHz (Green) FA-S56U : 450–520MHz (Red) FA-S74U: 490-520MHz (Blue) STUBBY ANTENNAS
